The MyBio Pulser is a cost effective, easy to use PEMF device suitable for all ages. It has a square wave range capability of 0.1 Hz up to 50 000 Hz for effective treatments and has the ability to accommodate Magnetic Field Therapy up to 1000 Hz with additional accessories. This therapy enables wave penetration of bone and muscle more effectively.

The unit operates by a single tuning knob combined with a LCD display for ease of use. Pre-loaded treatment programmes ensure that a wide range of ailments can be addressed in the comfort of your home.

Benefits

- Reduces antibiotic use as it assists the body to heal itself and fight infection. It also helps prevent recurrent infections.
- Speeds up recovery as it improves circulation, lymph drainage and cell healing. It reduces inflammation effectively.
- Normalises body functions and organ systems and therefore also helps to improve conditions like chronic fatigue syndrome and insomnia.
- Cost effective and will save on medical costs.
- Can be used by young and old and for a broad range of ailments and is therefore ideal for the whole family. One device, that is safe and

effective for the whole family.

- Builds immunity and improves quality of life.
