Description

50 watts lets you solar charge power banks and power stations to keep laptops charged, run portable fridges, and power essential electronics.

Four monocrystalline panels enclosed in a protective case fold down to a compact profile for easy storage and versatility. Hanging loops allow you to strap the panel to vehicles, tents, and more.

Features built-in charging cables for use with Goal Zero Yeti Power Stations, Sherpa Power Banks, and USB devices. Integrated 8mm cable

lets you chain additional solar panels for faster charge times.

RECOMMENDED POWER PAIRINGS

Sherpa 100AC: Charges in 3-6 Hours

Yeti 200X: Charges in 4-8 Hours

Yeti 500X: Charges in 12-24 Hours

Solar charge times vary and are dependent on many factors such as elevation, temperature, time of year, angle and position to the sun.

PORTS

Solar Port (blue, 8mm, male): 14-22V, up to 3.3A (50W max)
