Description

The Goal Zero Sherpa 100PD USB Power Bank is our best-selling power bank, slimmed down and dialled. With 94.72 Watts of power delivered to your most crucial devices in a fraction of the time, the Sherpa 100PD is made for action-packed days when every minute counts. Charge USB-C laptops, tablets, phones, mirrorless cameras, and more.

WHAT CAN THE SHERPA 100PD POWER?

The Sherpa 100PD is great for all your USB-C laptops, tablets, or multiple USB powered devices.

POV Camera (5Wh) up to 19 Recharges

Smartphone (12Wh) up to 7 Recharges

Tablet (30Wh) up to 3 Recharges

USB-C Laptop (50Wh) up to 1.5 Recharges

Sherpa 100PD Power Bank Highlights

Airline approved, travel ready. Lightweight, sleek design fits easily into packs, bags, and camera cases. Ideal for travel where space is limited.

Charge quickly on the move. Fast-charging Power Delivery gives you more power in less time.

Charge USB-C laptops, phones, and tablets using the 60W USB-C Power Delivery port.

Ditch the cables if you can. Charge your Qi-compatible phone from the integrated Qi charging pad for an entirely wireless experience.

No device left behind. Two 2.4A USB ports are useful for devices with proprietary charging, such as fitness trackers, GPS devices, and micro/lightning phones.

Charging

TWO WAYS TO CHARGE THE SHERPA 100PD Power Bank

Recharge from the sun by connecting a compatible solar panel. Charge time is dependent on the size of the solar panel. The Nomad 20 will fully recharge the Sherpa 100PD in about 8-16 hours. NOTE: Sherpa 100PD can only be solar charged using the USB port on our Nomad solar panels.

Use included cables to recharge from a USB source in 8 – 10 hours. Fully recharges from the wall in about 3 hours using the 45 Watt USB-C Charger (not included).

Tech Specs
